

STATEMENT OF TUITION ASSURANCE FOR EXEMPT VET FEE-HELP (VFH) PROVIDERS

Introduction

1. Tuition assurance protects students in the event a course provided by an approved VFH provider ceases to be provided after it starts but before it is completed.
2. As an approved VET provider under the *Higher Education Support Act 2003*, Mater Education Limited, ABN: 50 148 130 349 ACN: 148 130 349 must meet the VET tuition assurance requirements or be exempt from those requirements.
3. It is intended that, from 1 January 2018, Mater Education Limited will be exempted from the requirement to meet the VET tuition assurance requirements. Instead Mater Education Limited is required to comply with interim arrangements which ensure similar tuition assurance protection is provided to students.
4. This statement sets out the interim arrangements for tuition assurance that will apply from 1 January 2018 and Mater Education Limited's obligations from that date.
5. If any changes occur to the proposed arrangements outlined below, a revised statement will be provided on Mater Education Limited's website and advised to all students that have enrolled in the intervening period.

What happens if Mater Education Limited ceases to provide an eligible VET course of study?

Information for affected students

6. Mater Education Limited will notify affected students in writing that an eligible VET course of study is no longer provided within 2 business days after Mater Education Limited ceases to provide the course.
7. As soon as practicable, Mater Education Limited will also update its website to reflect that the course is no longer being delivered and to give students information about the tuition assurance arrangements.

Replacement courses

8. The Commonwealth Department of Education and Training (the Department) (or a consultant engaged by the Department) will work with affected students to identify a replacement course and arrange for students to be placed with replacement providers.
9. Replacement courses must meet the following requirements:
 - the course must lead to the same or comparable qualification as the original course;
 - the mode of delivery of the replacement course must be the same as or, with the student's consent, similar to the mode of delivery for the original course;
 - the location of the replacement course must be reasonable, having regard to the costs of, and the time required for, a student's travel; and
 - the student will not incur additional fees that are unreasonable and will be able to attend the replacement course without unreasonable impacts on the student's prior commitments.

10. Affected students will be offered a replacement course and may seek a review about whether the course offered to them meets the requirements for replacement courses.
11. A student who accepts the replacement course offered will not be required to pay the replacement provider for the replacement components of the replacement course. However, the fees payable for the remainder of the replacement course may be different from the fees payable for the original course.
12. A student who accepts the replacement course offered will also receive course credits for parts of the original course successfully completed by the student, as evidenced by:
 - a copy of a statement of attainment or other Australian Qualifications Framework certification document issued by the course provider or an authorised issuing organisation in accordance with the Australian Qualifications Framework; or
 - a copy of an authenticated VET transcript issued by the Student Identifiers registrar.
13. Each affected student will have a period of six (6) months in which to accept the replacement course offer. The Department may extend that period in circumstances that justify an extension.
14. If an affected student enrolls in a course that is not a replacement course, the student may be required to pay additional tuition fees, and might not receive the course credits the student would have received if the student had enrolled in a replacement course.

Re-crediting of students' FEE-HELP balances

15. Where there is no suitable replacement course for a student, the Department (or a consultant engaged by the Department) will notify the student that he or she may apply to Mater Education Limited to have their FEE-HELP balance re-credited for the affected parts of the original course. The student may nominate the Department (or a consultant engaged by the Department) to make the application on the student's behalf.
16. Mater Education Limited will consider students' applications as soon as practicable and notify them of the decision about the application, together with a statement of reasons for the decision. If an application for a re-credit is accepted, the amount re-credited will be equal to the amount of VET FEE-HELP assistance received by the student for the affected VET units of study.

Prepaid fees

17. Mater Education Limited does not accept tuition fees paid up-front over \$1500 and therefore does not have Tuition Assurance protection in place (see 18).
18. For tuition fees paid up-front below \$1500, students should be aware that there is no formal protection in place and students will be responsible to seek a refund for these fees directly from Mater Education Limited if Mater Education Limited fails to provide the agreed services. Mater Education Limited has in place PY-MEL-040004 Refund for the purposes of VFH. If the provider is under external administration, this may require the student submitting a proof of debt with the external administrator.

Record keeping

19. It is suggested best practice for students to retain assessments, records of competencies or statements of attainment that they receive from their education provider.
