Mater Education Limited
Virtual Learning Environment

System Requirements

There are minimum requirements for your computer set up for the VLE to work correctly.

Operating system

Windows 7, 8 or 10

Mac OSX 10.7+

Supported Browsers

Recent Google Chrome - a free download is available from Google .

Recent Mozilla Firefox - a free download is available from the Firefox site.

Safari 11 + - a free download is available from the Safari site.

Internet Explorer 10, 11 or Edge - a free download is available from the Internet Explorer site.

Known Issues with supported browsers:

Safari: please note that there are known issues with Safari and the text entry box / editor within the system.

MS Internet Explorer 9: Problems can occur with upload function if not in compatibility view. This work around shows users how to adapt IE9 into IE8 so they can upload files: Fire site display

Browsers not recommended:

IE6-9 and Safari 5-8 are no longer fully supported. They should still work but they are not tested regularly and there might be some problems.

Additional requirements:

Please also ensure you have enabled:

- Cookies
- Pop-ups (see http://www.wikihow.com/Allow-Pop%E2%80%93ups)
- Javascript

And that you have installed the following plug-ins:

- Latest version of Adobe Acrobat Reader.
- Latest version of Java.
