# A dedicated pathway for senior students interested in pursuing a career in health

**Brisbane • Springfield • Townsville**

## Study on-site in a real hospital environment

Complete a Certificate II in Health Support Services and a Certificate III in Health Services Assistance to become an Assistant In Nursing (AIN) and start working in healthcare before you finish school.

Delivered by our expert team of healthcare teachers, our school-based training program gives you the knowledge and skills in:

-  **medical terminology**
-  **anatomy**
-  **communication**
-  **teamwork**

## Enrol today

### Certificate II in Health Support Services

 six months/two school terms

Gain valuable experience in a healthcare setting and learn about infection control, patient safety and other foundational care principles.

### Certificate III in Health Support Assistance

 10 weeks/one school term

Play a key role in supporting front-line healthcare workers as an acute care assistant, patient care attendant, orderly or wards person.
