

EPRef-05 - Student Reference Sheet – Uploading Student Details.

Steps	Action	What it looks like
1.	<p>To upload student's details to SPOT, click on the Add students link.</p>	
2.	<p>In the Upload Students screen, first select the student fields you wish to upload for this group of students. The mandatory fields needed to create a student's profile are:</p> <ul style="list-style-type: none"> - Student Number - Email Address - First Name - Last Name <p>If you wish to upload other details such as immunisation details and other placement pre-requisites, tick the fields you want to upload (<i>Note: All students in this group must have ALL selected details entered</i>).</p> <p>Then select the correct option from the drop down list for the:</p> <ul style="list-style-type: none"> - Education Provider the students are enrolled with, - Discipline the students are studying, - Program this group of students are studying (<i>Note:</i> 	

	<p>Students studying different programs must be uploaded in separate batches).</p>	
<p>3.</p>	<p>Troubleshooting 1: Program or Student Field not available in the list</p> <p>If a Program or Student Field that you wish to choose is not displayed in the drop down field, this will be because the Program or Student Field has not been created</p> <p>Contact your System Administrator to add it or, if you have Administrator access, refer to ARef-05 - How to Administer Disciplines and ARef-07 - How to Administer Student Fields</p>	
<p>4.</p>	<p>To upload students you'll need to copy and paste their details from a formatted excel sheet into SPOT.</p> <p>In Row 1, type in or copy/paste the Student Fields you've chosen in step 3 in the order they appear in the Student Fields list.</p> <p>Each other row are a single student's details. Every field must be filled out.</p>	
<p>5.</p>	<p>Once all of the student details are entered, simply select all of the student details minus the headings, copy and paste them into the space provided in SPOT.</p>	
<p>6.</p>	<p>Clicking the Upload button will display the results of the students uploaded.</p> <p>If there are any errors in the file a Red message will display and an Error will show any row with incorrect details. Hovering your cursor on the Error will display a reason and which fields need to be corrected.</p> <p>You will need to update the missing or incorrect data and then re-upload the details by redoing step 5.</p>	

7.

Once all the data is in the correct format, a Green message will display. Any students that already have profiles in SPOT will display as **Updated** while any new students will display as **Created**.

Results

A total of 5 students were either created or updated.
